To Whom It May Concern,

Over the last 2 years I've used the services of Mario Corallo of Eurogloss Prestige and I've been very impressed with his reliability and his attention to detail. On every occasion Mario has done a very thorough job of cleaning my car both inside and out and he's also taken the time to advise me of how to better care for my duco.

I would definitely recommend Mario to anyone who wants to get the car cleaning job done properly and get it done at a reasonable cost.
